

OUR DESIGN METHODOLOGY FOR ARCHITECTURAL AND INTERIOR PROJECTS PAN INDIA

Ascertain Client's requirements, examine site constraints & potential & prepare 2 D conceptual designs, Exterior & Interior 3 D views & walkthrough, working drawings .

APPROACH

At Pande & Associates, we believe in the power of collaborative ingenuity. Our design process is unique which includes an OPEN DESIGN COMPETITION among freelance professionals after the Master planning & Conceptual 2D planning reaches a conclusive stage. This approach not only inspires innovative ideas but also brings diverse perspectives to the table, ensuring that every angle of your project is explored with care and creativity.

Best design concepts that align with your vision selected by the client & design team, will be crafted to maximize the functionality and appeal of your project, blending our expertise in environmentally sustainable and economically viable design under the complete guidance of Senior Ar. Nitin Pande.

Advantages of the above approach

By generating a range of customized design options, we empower our clients with meaningful choices that are both exclusive and precisely aligned with their project goals. These designs are developed without reliance on generic online sources, supporting a more innovative and effective design process.
